

**Unleash the power within you.....
It can cause a profound impact on thinking and practice in education**

Multiple Intelligences Analysis Tool(MIAT)

The aim is to provide a reasonable estimate of the person's Multiple Intelligences disposition in order to promote personal satisfaction, academic and career success through enhanced self-awareness and differentiated instructional support. These findings support the idea that a child's, adolescent's or adult's multiple intelligence disposition can be reasonably described by way of self or other report through the careful use and interpretation of the profile. The profile provides a quantitative and qualitative Multiple Intelligences profile report that describes the person's strengths and weaknesses in everyday language. Extensive interpretative information and guidance is then made available for teachers, students and parents.

Objective and Purpose

- Know your strength and use them to your advantage
- Identify areas that need improvement
- Polish these rough edges with the help of suggestions by our experts
- View your snapshot report
- View holistic personality profile after completing all 40 dimensions.

MINE SKILL is derived from the nine types of intelligences identified by Dr. Howard Gardner in his book "Frames of Mind"

M – Musical	'Music smart'. To think in sounds, rhythms, melodies and rhyme
I - Intrapersonal	Self-smart'. To be aware of one's strengths and to plan effectively to achieve personal goals.
N - Naturalistic	'Nature smart'. To understand the natural world including plants, animals and scientific studies.
E – Existential	'Ultimate issues.'To have the sensitivity and capacity to tackle deep questions about human existence and the meaning of life.
S - Spatial	'Picture smart.' To perceive the visual world accurately; to think in three- dimensions.
K - Kinesthetic	'Body smart.'To harness the potential of using one's body to engage with problems. It is the ability to use mental abilities to coordinate bodily movements.
I - Interpersonal	'People smart.' To have empathy and recognize distinctions among people, appreciating their moods, perspectives and intentions.
L - Linguistic	'Word smart.' To reflect on the use of language in everyday life.
L - Logical	'Number smart.' To calculate, quantify or consider propositions and perform complex mathematical or logical operations.

Tool is unique.....

The profile check is unique not only for its multiple intelligences scales but also for its assessment method and philosophy of personalized education. The profile check strives to provide realistic data for making informed choices, but it does so from the person's perspective via careful questioning. Following tabulation of the responses, profile check results are offered back to the person not as hard and unchanging truth, but rather as useful hypotheses for appraisal, elaboration, and action planning. Information gleaned from the profile check can be used to formulate personalized educational and career plans by recognizing, valuing, and focusing attention on areas of strength and potential.

- First, a profile gives a reasonable estimate of the person's intellectual disposition in each of the ten areas - Linguistic, Logical- mathematical, Spatial, Musical, Kinesthetic, Interpersonal, Intrapersonal, Existential, Naturalist and Leadership.
- Secondly, a Profile Check describes twenty-five kinds of skills associated with each of the intelligence.
- Thirdly, qualitative information from each question provides descriptions of particular intellectual activities and actual outcomes.

Benefits:

Assist Students	Prepare Parents	Prepare Teachers	Career Planning
Improve Lesson Plans for Teachers	Build Learning Culture		Leadership Development

'Every Child is Special; No Child Left Behind'

Analytical	Musical	Naturalistic	Logical
	Appreciation	Science	School Math
	Instrument	Mammal Care	Everyday Math
	Vocal	Plant Care	Logic/Strategic Game
Introspective	Intrapersonal	Existential	Spatial
	Personal Knowledge	Philosophical	Awareness
	Calculations	Scientific	Art Design
	Spatial Problem Solving	Religious	working with Objects
Interactive	Interpersonal	Kinesthetic	Linguistic
	Persuasion	Physical Ability	Expressive
	Empathy	Dexterity	Rhetorical
	Sensitivity	Dance/Acting	Writing/Reading
Leadership	Working with People	Flexible	Decision Making
	Management	Communication	Social
			Motivation

As is evident above, it helps to evaluate co-scholastic areas like Life Skills; Attitudes and Values; Participation and Achievement in activities involving Literary & Creative Skills, Scientific Skills, Aesthetic Skills and Performing Arts. The Intelligences Profile Assessment check could be conducted between the age group as follows:

- | | |
|-----------------------------|------------------------|
| • Young Child 4 yrs to 9yrs | Kids 10 yrs to 14 yrs. |
| • Teen 15 yrs to 19yrs | Adults 20yrs+ |

Multiple Intelligence Analysis Tool (MIAT) - provides a rich and descriptive source of information which matches a person's intellectual strengths to enjoyable, rewarding and highly motivating career paths. "To my knowledge, this Multiple Intelligence Analysis Tool represents the first effort to measure the Multiple Intelligences which has been developed according to standard psychometric procedures. Tejwant Chhatwal is to be congratulated for the careful and cautious way in which he has created his instrument and offered guidance for its use and interpretation." Dr. Howard Gardner.
