

WHAT PEOPLE SAY ABOUT US

Dr. Prakash V Bhide, President (Corporate HR) JK Organization,

“As a parent of a 32-year-old son, this Multiple Intelligence profile check convinced and assured me about his future that there is a match of his ability and potential”.

Linda Fu, Counselor, Central South University, Changsha, Republic of China

“It is a gift to me. The result is actually giving me a big surprise. This is an important message from Indian Lord. After this, I know more about myself. Especially certain kind of my mind decisions. I used to be confused when I faced some people and moment, I didn't know why? But now I finally reach the answer. At last, I decide to take this back to China, to help more people, to help more families, and to help more companies”.

Mr. G. Gupta, Principal, Bal Bharati Public School, Brij Vihar, Ghaziabad

“Our teachers were excited and motivated with the inspirational talk by the trainers. The Multiple Intelligence Formative Assessment carried on our Grade X students was unique and the relevance of its findings were not only discussed individually with students but with parents too. The assessment was scientific and measured the strengths and was quite relevant for the child development & career prospects.”

Sonia Chhabra, Traditional Parent & Educator, Delhi

“My child had no idea which stream to choose in grade 11. Knowing that Art and Music are where his heart is, the fear of choosing the wrong subjects loomed large. Behaving typically, we convinced him to take up Commerce so that he would have more career options later. After profile check was conducted of my child, and what followed was an intensive eye opener session. A detailed quantitative and qualitative profile report describing my son's strengths were handed over. The counseling session cleared the haze in our minds. It was like I rediscovered my own child. I have always known that my son is musically gifted but I desired him to pursue the conventional career choice. Had MINE SKILL not counseled us, I would have stifled my son and maybe killed his creativity. The session was indeed 'a dialogue of discovery'. I left the session having understood my child and myself better. My son seems to have matured and become more confident. He has switched over to the Humanities stream with Fine Arts and is looking a happier person. Can't believe I was about to clip the wings of this free bird. I will always be indebted to MINE SKILL for the valuable insight and for transforming our lives”.

Mr. Chandrashekhar T. Joshi, Principal, BRCM Public School, Bahal

“Integration of Multiple Intelligence amongst the children workshop was live and participative and proved to be fruitful to our teachers. The teachers were enthralled with the innovative ideas in education”.

Mrs. Alka Vaidya, Principal, Dhruv Academy, Sangamner

“The analysis is fairly accurate and tallies with our evaluation of their aptitude. We appreciate your zeal and enthusiasm in interacting with us and the students”.

Mrs. Vandana Puri, Principal, Salwan Public School, Rajinder Nagar, New Delhi

“I am enlightened”

Mrs. Latita Arigam, Teacher, SOS Children Village, Faridabad

“I learnt to know the student’s learning style and how to capitalize on their strength”.

Mrs. Prema Bhatt, Teacher, O P Jindal Modern School, Hissar

“There are different ways of understanding and that it should be used to create interest in the topics taught in class room. Every child is intelligent and unique. It is beneficial for teachers to adopt the concept of multiple intelligences in regular teaching.
